

## TESTIMONIAL ON BEHALF OF ROCKET COMPUTER SERVICES

When we, as a school, were first looking at contracting out our I.T. support, we met with several companies. Rocket Computer Services was a new company being set up at the time. Simon and Chay immediately impressed us with their approach, ethos and commitment to providing a first class service.

In the 7 years we have been working with Simon and Chay this has never diminished. They have always provided a reliable, friendly, excellent service. Supporting us with, not only technical issues, but also by giving valued advice and knowledge on upgrading systems/resources and indeed undertaking most of the work involved in acquiring/installing new equipment.

They are always at the "end of the phone" if we have concerns or when equipment is not operating correctly - nothing is too much trouble and we always feel that they are working for the benefit of the school not themselves. They are always willing to work alongside the Local Authority on our behalf when required.

For anyone thinking of using Rocket Computer Services I would recommend them without hesitation.
